#### CHERRY HILL RD. WATER MAIN REPLACEMENT

Project No. BR/BI6325A17

#### November 12, 2020

### AGENDA

- ➢Introduction to Project Team
- ➤WSSC Water Overview
- ➢ Project Overview
- ➢Project Map
- ➢Estimated Construction Schedule
- ➤What to Expect During Construction
- Project Summary
- ➢Questions & Answers

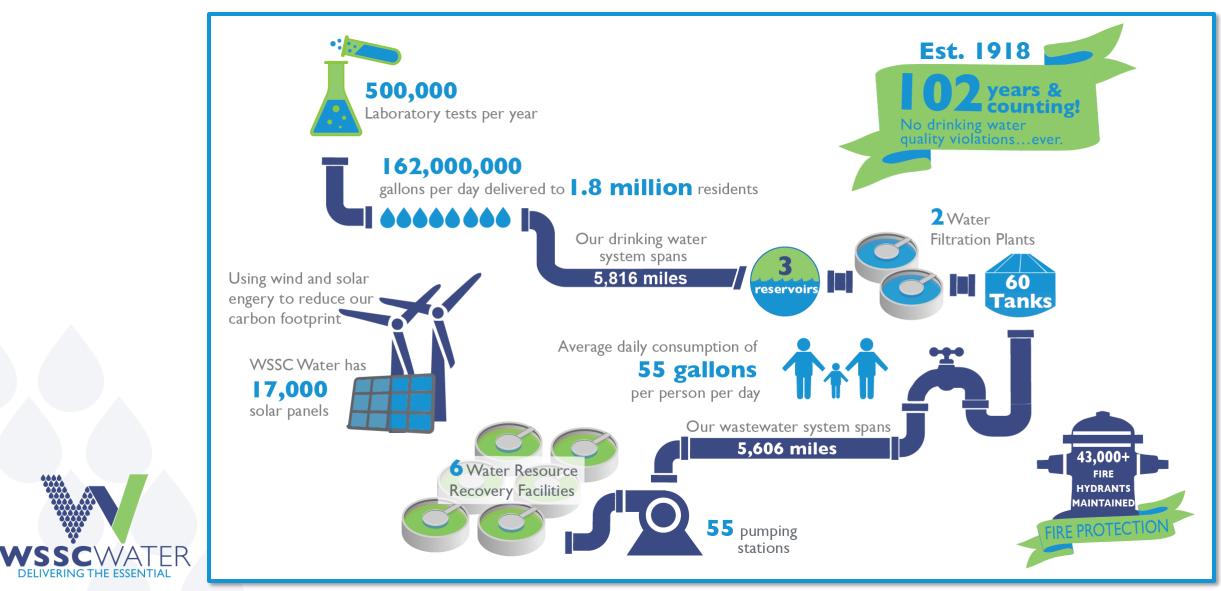

#### **Project Team**

- Tesfai Giorgis, Design Project Manager (301) 206-4267, <u>Tesfai.Giorgis@wsscwater.com</u>
- Tim Allen, Technical Contracts Supervisor (Construction) (301) 206-7299, <u>Tim.Allen@wsscwater.com</u>
- Doug Sievers, Urban Forester (301) 206-8074, <u>John.Sievers@wsscwater.com</u>
- Brandon Stewart, Customer Advocate (301) 642-1712, <u>Brandon.Stewart@wsscwater.com</u>
- Wallace Montgomery, Inc., Design Consultants
- BA Construction, Construction Contractor

### **WSSC** Water Overview

### **Project Overview**

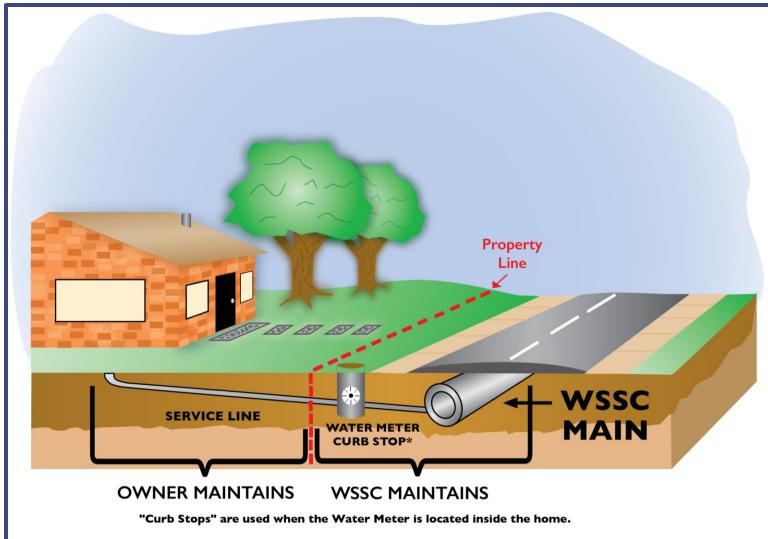

- WSSC Water is strategically replacing and rehabilitating our aging water and sewer pipes throughout our service area, a part of our effort to enhance service and reliability to our customers.
- The project includes replacing approximately <u>1.5 mile</u> of water mains, and house connections up to the property line.
- The current water pipes were installed in the 1940's, and 1950's and are nearing the end of their life cycle.
- The new water mains will be new Polyvinyl Chloride (PVC) pipes which has a life expectancy of at least 100 years.
- Replacing the existing pipes will help reduces disruptions to the community, the environment and emergency services due to water main breaks.

### **Project Overview**

- New watermain will be installed within the roadways
- New house connections (service lines) will be installed up-to the property line
- WSSC Water coordinates with local and state agencies, as well as other utilities for all planned work to avoid potential conflict and minimize disturbances to neighborhoods.

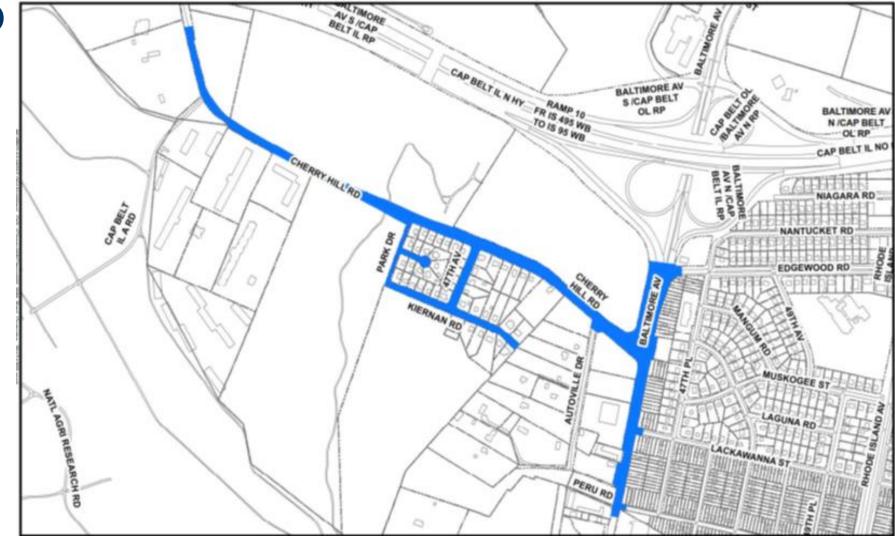

# Project Map

Directly Impacted Streets:

Cherry Hill Road Baltimore Avenue (Rt. I) Park Drive Austin Court 47th Avenue Kiernan Road

### **Estimated Construction Schedule**

Anticipated Construction Start: February 2021 Estimated Construction Completion: April 2022

Construction schedules are estimated and weather permitting

### **Operational Changes in response to Covid-19**

- WSSC Water has implemented protocols that align with recommendations from local, state, and federal public health authorities.
- ➢ Working to minimize impact
  - Facial masks and physical distancing
- All WSSC Water employees and contractors are required to refrain from coming to work if displaying symptoms of COVID-19.
  - We have implemented robust internal contact tracing and quarantine requirements.
- ➢ Earlier notification to customers
  - Contact via handouts

### What to Expect During Construction

- > Anticipated Work Hours: Monday-Friday, 9:00 a.m. 3:30 p.m.
  - Work may occasionally extend beyond these hours to complete specific tasks.
- > Construction activities may include:
  - Field reviews and inspections
  - Survey crews
  - Test pits
  - Construction crews and heavy machinery

>Reliable water and sewer service will be maintained during constructic

- Short water shutdowns of up to 8 hours may be required
- Advanced notification (48-72 hours) of these shutdowns will be provided

### What to Expect During Construction

- Open-cut construction method, which involves cutting and excavating a section of the pavement.
- > This construction method does create noise and dust.

### **Temporary Water Service Installation**

- Above-ground (bypass) pipes may be installed to maintain water service to your home.
  - Bypass pipes are not used in cold weather months
- These pipes will be placed along the roadway edge and provide the same quality of water to your home.

### **Traffic Impacts**

>Certain construction activities may require temporary changes to traffic patterns

• Traffic will be managed to minimize community disruptions

>Access will be maintained to homes during construction

- Access into homes is **NOT** required
- Access onto private property is generally <u>NOT</u> required
- ➢ Parking restrictions

- WSSC Water will provide 48-hour advance (denoted by "No Parking" signs) notice prior to any parking restrictions
- Any vehicles that have not been removed from the designated area will be towed to a nearby street at no cost to the owner.

Final restoration of sidewalks, roadways and landscaping will take place within 90 days of construction completion.

# Signage and Restoration

- Construction signs with contact persons will be placed throughout the project area
- Projects completed during the winter months will be permanently paved and restored to their original state or better in the following spring.

### **Project Summary**

- The existing distribution system water mains are near the end of their useful lives.
- WSSC Water will be replacing the distribution system water mains and water house connections up to the property line.
- >WSSC Water will minimize service disruptions during construction.
- WSSC Water will coordinate work activities with property owners in the project area.
- WSSC Water will restore all areas impacted by construction activities at the end of the project.
- >WSSC Water's goal is to provide a reliable water system to customers.
