Re: Site Utility Project Name
Site Utility Project Number

Dear Project Manager,

Please let this letter serve as notice that Applicant/Owner is aware of and accepts full responsibility for all conditions which do not adhere to the WSSC Pipeline Design Manual, which represent WSSC's best design practices. These conditions include, but are not limited to, the following:

1. Separation of onsite water and/or sewer from buildings;
2. Separation of onsite water and/or sewer from other utilities;
3. Separation of onsite water and/or sewer from walls or other structures;
4. Minimum slope of onsite sewer.

Sincerely,

Name
